# Press Release

## Blue Zone School Certification

We are proud to announce that Saint Ann School is the first parochial or private school in Southwest Florida to be approved as a Blue Zone School.

What began as an initiative for the year, focusing on nutrition, fitness and overall health throughout the school community, has culminated in our partnership with NCH as a Blue Zone approved school.

The process involved an evaluation demonstrating proof of the initiatives which earned Saint Ann School 63 points for approval. Many of the items on the evaluation are new initiatives and some were already in place as part of our culture of well-being in the Saint Ann School community.

Our Blue Zone ribbon cutting ceremony will take place on Thursday, March 8, 2018, at 11:30 a.m. We are hoping to combine this event with the Grand Opening of our new soccer field. We invite parents to stay for our annual family picnic.

At Saint Ann School Academic Excellence and Religious Values are the heart of our mission where we have been educating the Spirit, Mind and Body of our students since 1956.

For more information visit our website at [www.stann.net](http://www.stann.net), on facebook.com/SaintAnnSchool or call (239) 262-4110.

Scholarships, grants and financial aid are available.
